PRELIMINARY AMENDMENT

Dear Sir:

Please preliminarily amend as shown on the attached sheets: "Version with markings to show changes made" and "Clean copy".

REMARKS

The rejection of the claims in the parent application was affirmed by the Board of Patent Appeals and Interferences. The preliminary amendment to claim 1 clarifies that the two different resolution decodings occur within the same predicted frame.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Carlton H. Hoel".
